

Change for submission of Newsletters – Effective immediately.

Do not send any Newsletters Chapter or Division to the Historian General. Going forward only the Chapter Newsletter that wins for the Division will be submitted for judging on the General level and will be judged AT the General Convention. It will now be the responsibility of the Division Historian to bring to General Convention for submission and judging: (1) The winning Chapter Newsletter and (2) The Division Newsletter. To be eligible for submission, there must be a minimum of 4 issues per year. If your chapter wants to continue to send your newsletter to the **Division** Historian each month for INFORMATION ONLY you can do so but they will not be judged. Going forward, the submission must be complete meaning all issues sent in together and in hard copy format, no electronic versions will be accepted.
