I am honored to hold the chairman position for the NC Patriotic Activities Committee for another term. It is my desire that members make a commitment to assist homeless veterans in the upcoming year. At this point, I do not know the subjects our Division President nor the General President will choose as their projects for 2016-2018. Once that is available, members will need to place focus on them.

In the past two years, North Carolina Daughters were very generous and dedicated to activities to assist active military personnel and our veterans. I am sure they will do the same in the coming year.

Respectfully submitted,  
Dorothy Roberts Watson, Chairman
